

Our Platforms

Sometimes we get feedback from users who say they need an overall view of which platforms (sports or non-sports) we have in the ASN Database. If you're a subscriber, you can always check the "Platforms" drop-down when you begin searching. But if you're not a subscriber - or you want to check the list in its entirety - here it is below

If you want more insights - eg which platforms are growing/ flatlining/ declining in any given year - check out the ASN Annual Report (available by contacting us at info@asiasponsorshipnews.com) which is full of insights from the past full calendar year

TIP: Many platforms have "sub-platforms" which allow you to search even deeper than what you see below...
